

**TERRA**  
**Vehicle: PATTY WAGON**  
**In-Game Visuals**

## Request

Thank you for your recent approval of the Patty Wagon 3D model. It has now been implemented in the game, so we would like to show you the final look, as well as some examples for customization (colour implementation is WIP).

This game has a wide variety of vehicles, ranging from cool to cute to interesting, as well as some from other IPs, which is one of the selling points of this game; your understanding is very much appreciated.

### Points to be reviewed

- **Patty Wagon's final look in-game**
  - **TERRA customization**
- **Patty Wagon combinations**
